Co-innovate with SAP on strategic topics

SAP Enterprise Support Advisory Council (ESAC)

Participants become early adopters of the latest support innovations. They also profit from a bigger investment from SAP's side (e.g., expert advice) and by directly influencing SAP's support offering in a meaningful way based on own requirements.

Speeding Integrated Cloud HR Transformation with SAP® Preferred Success

DERCO teamed up with SAP to integrate multinational HR operations. The project is not only ahead of schedule, it saves consulting and customization costs.

Before: Challenges and Opportunities

- Improve collaboration and operational effectiveness of business teams across South America
- Streamline and standardize payroll processes enterprise-wide
- Build a strong integration model that ensures smooth country-by-country roll outs of HR solutions and seamless HR operations

Why SAP

- Harnesses the expertise of a multidisciplinary Integration Architecture team sponsored by SAP Enterprise Support Advisory Council
- Works directly with a Customer Success Manager from SAP to quickly and effectively resolve issues and keep the integration project on track and ahead of schedule
- Unlocks business value from current IT investments through SAP Preferred Success plan
- Supports future-proof workforce integration using SAP SuccessFactors Employee Central

After: Value-Driven Results

- Provided one-to-one expert guidance on multiple deployments
- Accelerated project completion with proactive collaboration and fast issue resolution
- Reduced partner consulting fees
- Avoided customizations
- Strengthened workforce collaboration
- Streamlined workforce initiatives and projects

"The SAP Enterprise Support Advisory Council provided integration expertise, so we could quickly solve complex issues and deploy the best standard solution to meet with the business expectations, avoiding specific customizations."

Helping Customers Make the Right Choices with SAP® Enterprise Support

SAP partner Mphasis is dedicated to providing cutting-edge IT solutions that help businesses succeed. Mphasis works with SAP SuccessFactors solutions to move HR systems to the cloud. With SAP Enterprise Support, Mphasis received the guidance and training for implementation, and also gained the knowledge and expertise needed to support successful SAP SuccessFactors solution deployments for its clients.

Before: Challenges and Opportunities

Increase knowledge of SAP SuccessFactors solutions in order to support customers moving HR to the cloud

Why SAP

- Strong relationship as an SAP software solution and technology partner
- User of the on-premise SAP ERP Human Capital Management solution
- Ability to manage HR processes end to end with SAP SuccessFactors solutions
- Solution architecture and implementation expertise available with SAP Enterprise Support

After: Value-Driven Results

- Guidance on integration architecture for on-premise and hybrid deployment scenarios through SAP Enterprise Support Advisory Council
- Expert-guided planning sessions on integration architecture for SAP SuccessFactors Talent Suite, SAP SuccessFactors Employee Central, middleware platforms, and network and security based on SAP Cloud Platform – all delivered through SAP Enterprise Support Academy
- Expert-guided workshops with integration specialists that provided a clear understanding of requirements, deployment options, and challenges, helping Mphasis choose the best solution for each client's needs
- Greater knowledge of the cloud integration road map allows both SAP SuccessFactors solutions, allowing Mphasis to better respond to queries and promote and position the solutions to its customers

"The workshops and advice from SAP Enterprise Support helped us prepare for customer implementations of SAP SuccessFactors solutions. We now have the expertise to position the software going forward."
