How do you transform Warehouse and Management solution to SAP S/4HANA?

Premium Engagement offers Services to help our customers moving their Warehouse Management processes and solution to SAP S/4HANA in the most efficient way.

The services are focussing on the following aspects:

- Workshops discussing mandatory steps to migrate your current solution to SAP S/4HANA and plan the migration project
- Custom-code compatibility analysis to analyse adaptation requirement towards changed SAP S/4HANA data model
- Proof of concepts together with our SAP Data Migration and Landscape Transformation (DMLT) colleagues to verify feasibility of migration approach

Transformation to SAP S/4HANA

Transforming from business suite solutions to SAP S/4HANA

Deployment Options

- Transformation from SAP EWM on business suite (e.g. 9.4, 9.5, etc.) to EWM on SAP S/4HANA.
- Deployment Options:
 - EWM embedded in SAP S/4HANA
 - EWM on SAP S/4HANA side-by-side

Premium Engagement Services provide the experience, expertise and tools to enable a seamless transformation for your EWM solution to **EWM on SAP S/4HANA** that your business and end-users will perceive as **smooth as an upgrade**.
