Which roles will SAP Learning Hub, enhanced student edition help me prepare for?

SAP Learning Hub, enhanced student edition covers an array of key innovation topics. From SAP S/4HANA Cloud to SAP C/4HANA and SAP Analytics Cloud, it includes everything you need to know to gain a competitive edge in the SAP ecosystem.

With SAP Learning Hub, enhanced student edition, you can prepare and get certified in key roles, such as business users, developers, and consultants. Fields of study include Enterprise Resource Planning, Finance, Human Resources, and Supply Chain Management.

Browse the SAP Learning Hub, enhanced student edition Learning Journeys for more information.
What are the collaboration opportunities within SAP Learning Rooms?

SAP Learning Rooms are a unique social learning feature of SAP Learning Hub. In these interactive virtual rooms, you can speak directly to knowledgeable SAP experts. You can also collaborate and network with fellow learners, work on challenging assignments, and review exercises. Subscribers have access to a range of SAP Learning Rooms on different topics. To get started and for general support questions, you are encouraged to join the Welcome Room.

Take a closer look at SAP Learning Rooms and learn how to join the Welcome Room.

How can I practice hands-on within the SAP Live Access environment?

With SAP Live Access, you can practice your skills and build expertise with SAP software in a live, fully supported training environment. The SAP Live Access environment is preconfigured with data to carry out hands-on exercises. With your subscription to SAP Learning Hub, enhanced student edition, you get 60 hours of SAP Live Access system time included in your 12-month subscription.

Please note: Not every course requires or is supported by a hands-on system to test your skills. Take a look at the Learning Journeys to see which courses include an SAP Live Access system.

Explore this short introduction on navigating SAP Live Access.

What is SAP Global Certification?

SAP Global Certification validates your SAP solution expertise. It can help you differentiate yourself in the job market and it gives you the competitive advantage you need for career advancement. All exams are proctored via webcam on your PC or laptop and delivered online for maximum flexibility and convenience.

SAP Learning Hub, enhanced student edition includes one online exam attempt for an associate level SAP Global Certification. Additional exam attempts can be purchased in the SAP Training Shop. (Please note: You can attempt one exam up to three times)

Once you have successfully completed the certification exam, you will receive a digital badge to showcase your certification accomplishments. Available to share online, digital badges enable companies to easily verify the credentials of SAP-certified individuals.
How can I track my learning progress as a student?

The public cloud version of SAP Learning Hub, enhanced student edition includes a set of learning management capabilities for managing educational content. You can filter courses by delivery type, solution area, and difficulty level, and track course progress and completion.

What kind of reporting and learning management capabilities are included for universities?

There are additional management tools included with the private cloud version* of SAP Learning Hub, enhanced student edition. These include:

- Ability to add custom-specific content (up to 50 learning titles)
- User interface customization with your own logo, colors, and background
- Access to learning reports and analytics with the adoption dashboard for SAP Learning Hub
- Creation of private, custom SAP Learning Room (including institution-specific sessions for SAP Learning Room administrators)

* Access to private cloud version requires a minimum subscription of 100 users.

Who can purchase a subscription?

Subscriptions can be purchased by any university, college, or higher education organization. Additionally, subscriptions can be purchased by individual students with proof of full-time enrolment and a credit card.

Students who have already graduated, or are due to graduate during the 12 month subscription period, can purchase SAP Learning Hub, enhanced student edition if their matriculation document is still valid at the point of purchase.

As a student, how can I purchase a subscription?

With proof of your full-time enrolment status in a university or college, you can purchase a subscription to SAP Learning Hub, enhanced student edition on the SAP Training Shop via credit card. Please note that credit card purchases cannot be processed from all countries. If you need assistance purchasing SAP Learning Hub, enhanced student edition for yourself or your university, please reach out to SAP via the local contact information listed on the SAP Training Shop (bottom left corner of the page).
