A **Competitive Advantage** for Students

Preparing for a Professional Career in the SAP® Ecosystem
Summary
SAP Learning Hub, enhanced student edition is designed to prepare students for a professional career in the SAP ecosystem. This complete digital learning solution gives you all the tools and materials that students need to build skills, gain hands-on experience on SAP systems, and achieve an SAP Global Certification - all in one subscription.

Objectives
• Gain professional-level knowledge and skills in the latest SAP innovations
• Build a strong foundation in using SAP software to execute tasks with confidence
• Prepare for and successfully achieve an SAP Global Certification
• Improve competitiveness and earning potential in today’s global job market

Solution
• 24x7 access to self-paced digital learning content on key SAP solutions, including Learning Journeys, e-learning courses, expert-led live sessions, and more
• Peer collaboration in social SAP Learning Rooms, with guidance from SAP experts
• 60 hours of hands-on practice time using live, fully configured SAP training systems
• One online exam attempt for SAP Global Certification (each exam can be attempted up to three times)

Benefits
• Hands-on skills and knowledge in the latest SAP innovations
• Faster and deeper skill development through a holistic enablement approach
• Opportunity to obtain a professional SAP Global Certification, a highly recognized accreditation of excellence and differentiator in a competitive global job market
• Cost-effective way to prepare for and attempt an SAP Global Certification exam
