The SAP Model Company for Automotive service offers a ready-to-run, comprehensive reference solution for procure-to-pay, plan-to-product, order-to-cash processes, and extended warehousing processes. It is delivered with relevant business content, accelerators, and enablement services, helping you reduce costs, decrease risks, and accelerate adoption during discovery, exploration, and realization activities.

### Business Processes and Capabilities

#### Procure-to-pay
- Scheduling agreement business with delivery schedules
- Planning calendar
- Just-in-sequence call pass-through / forwarding
- Evaluated receipt settlement
- Intercompany stock transfer
- Embedded EWM integration
- Embedded TM integration

#### Plan-to-product
- Repetitive manufacturing – make-to-stock
- KANBAN
- Co-product production
- Tool production
- Embedded EWM integration
- Advanced planning and detailed scheduling with embedded PP-DS
- OEM: single line planning with model mix planning and sequencing via IPPE in ePP/DS

#### Order-to-cash
- Scheduling agreement business with delivery schedules
- Summarized JIT – Customer KANBAN
- Inbound just-in-sequence (JIS) processing
- Intercompany sales
- Self-billing
- Advanced returns management
- Returnable processing
- Embedded EWM integration
- Embedded TM integration

### Applications
- SAP S/4HANA® 1909
- Reports and SAP Fiori® Apps
- Embedded analytics based on the SAP HANA® platform

### Delivery Approach

**Preconfigured solution**
- Ready-to-run appliance with applications, configuration, and sample data
- System provisioning over the SAP Cloud portfolio, your preferred cloud provider, or on premise

**Business content and accelerators**
- Business-process documentation
- Configuration guides, test scripts

### When to Consider
- Discover the capabilities and innovations of a comprehensive SAP solution for your specific use case
- Prepare and explore using a ready-to-run system for enablement, fit-gap analysis, and solution design
- Support an agile and lean implementation approach with hands-on experience from day one
- Address resource bottlenecks in IT and business and reduce time, and effort, during realization

### Benefits
- Reduced costs and resource effort, thanks to a preconfigured, ready-to-run solution
- Elimination of risk through proven reference-solution architecture and comprehensive process support
- Increased innovation adoption and decreased time to value through agile and lean principles

### Service-Scope Options
- Mandatory scope
  - Installation and knowledge transfer
